### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

As indicated in applicants' response filed July 11, 2005, when R<sup>3</sup> and R<sup>4</sup> of the catalyst complex (I) both are hydrocarbyl groups such as methyl as shown in Example 34 of page 25, the polyethylene prepared from the catalyst have unexpected much higher molecular weight compare to similar catalyst complex wherein only one of the R<sup>3</sup> and R<sup>4</sup> is methyl as shown in Comparative Example C of page 28; thus, applicants have shown criticality and unexpected results over the teaching of the cited prior art. Therefore, the instant claims are not obvious variation of the cited prior art and are deemed to be novel.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
